

POSITION: Textile Designer (Full Time)

ZAK+FOX is a rapidly expanding textile design firm seeking a textile designer to join our team. We're looking for a wildly creative individual with strong organizational and project management skills.

THE RIGHT CANDIDATE FOR THIS ROLE:

- Is a wizard with Adobe Creative Suite (Photoshop and Illustrator are required)
- Has excellent hand-drawing/illustration skills and can adapt to different styles and techniques
- Feels extremely comfortable working with digital mediums and can create creative works quickly
- Understands a variety of woven techniques and constructions including dobby, jacquard, embroidery and print-making techniques
- Thinks outside the box and pushes boundaries
- Is collaborative and communicative
- Has a strong sense of color, proportion, and composition as it relates to home textiles
- Meets deadlines

WHAT THE JOB WILL ENCOMPASS, BUT NOT BE LIMITED TO:

- Developing new designs for print, woven, and wallcovering collections
- Maintaining creative calendar, design library, and management of product development lifecycle
- Working with creative director to define collections, maintaining a consistent look
- Managing relationships with our manufacturing partners' product development teams
- Assembling presentation boards for company presentations
- Creating and delivering production-ready artwork to mills
- Managing custom orders in conjunction with sales and production teams

JOB REQUIREMENTS:

- 2-5 years of experience designing patterns and original artwork
- Extreme proficiency with Adobe Creative Suite
- Proficient in MS Word and Excel, Google Suite/G Suite, and can quickly learn our internal software programs used for inventory management and project management
- Professional demeanor
- An ability to collaborate – we like teamwork
- A passion for design
- Located in New York

ABSOLUTELY NO PHONE CALLS – PLEASE EMAIL ALL APPLICATIONS TO INFO@ZAKANDFOX.COM
